

Special Edition

3rd December 2011

Dear Owners and Investors,

Attached is the Special Edition - I knew it was going to be a long one so I did it in a word document this way I couldn't lose it if the computer crashed!

There is a lot of information in there, and it may not suit you as an investor as each of us is different and invests for different reasons.

If you do see something that interests you, please let me know and then I will work with the listing agent. If you deal directly with them, I can still help you but I will not be entitled to any fee if you decide to go ahead. There is no cost to you, the selling agent simply shares their fee by me introducing you as a buyer.

I do try to motivate you to do something to secure your financial future, and even if you don't invest in Cairns and this newsletter inspires you to do something in another place then it has all been worthwhile.

I see it all too often now where people just do not have enough money to be able to retire, and sometimes they have no choice due to their health - and this breaks my heart. It isn't cheap to live, and we all must sacrifice now to be able to live a comfortable retirement.

I hope you are all happy and well in your world.

Linda
